

## **A local law to amend Local Law #1 of 1999 Entitled Timber Harvesting Law**

### SECTION 1. PURPOSE

The Town of Campbell recognizes that the timber resource in the Town is a renewable resource of significant value and will be harvested over the course of time. The Town also recognizes that if timber harvesting practices are poorly conducted, they can result in significant damage to adjacent lands; to water quality; and to public roads. Thus, the purpose of this law is to regulate those harvesting activities that hold the greatest potential for causing damage to neighboring lands, water quality and public lands.

- a. Use temporary culverts, bridges or runways where stream bottoms or banks might be damaged; remove them after use.
